**Please Note**

**Utilize these ALTA Best Practices Assessment Procedures to determine compliance with the ALTA Best Practices. For Assessment Procedures with no defined sample size or tolerance, 100% compliance with each Assessment Procedure tested is required to be considered “Optimized.” For Assessment Procedures with defined sample sizes and tolerance levels, results must be within the tolerance level to be considered “Optimized.” If all Assessment Procedure results are “Optimized,” then agent is fully compliant with the ALTA Best Practices. If results are not “Optimized” for any Assessment Procedure, refer to the ALTA Best Practices Maturity Model to develop a progress plan.**

Capitalized Terms:

- Capitalized Terms appearing in both these Assessment Procedures and the ALTA Title Insurance Settlement Company Best Practices (Best Practices) shall have the meanings set forth in the Best Practices document.

Documentation Guidelines:

- Detailed notes or documentation copies should be maintained for a minimum of five (5) years to support testing performed and testing exceptions for each procedure.

Testing Guidelines:

- Where possible, the same file sample may be used throughout the assessment to test multiple attributes.

Not Applicable (NA):

- Some of the Assessment Procedures will not be applicable to some agencies due to laws, regulations, or business model. Inapplicability of an Assessment Procedure does not result in a “No” in the Optimized column for such procedure.
