## Technology

- Strategic Review of Registry code:
  - ALTA Registry Code audit completed with minor findings
  - Audit findings are currently out for comment with FPT (the current development vendor).
  - ALTA Staff are creating an RFI process to select new vendors for Registry development work.
- Registry 2.0:
  - Phase 1 E&O Project underway please see next slide.
  - Underwriter API. Discussions to begin in Q1 2021

## Marketing:

- MPI telemarketing campaign continued through Sep & Oct
- ALTA Staff are creating a webinar about the Registry for release in January 2021
- A new graphic will be inserted in the ALTA Membership kits for the 2021 membership drive.
- A separate graphic has been developed for the ALTA *"Thank You Boxes"* that will target members not in the Registry – Dec 2021

## Sales Activities:

### Active Opportunities: 14

- Lenders: 8
- Tech Providers: 4
- Strategic Partners: 1
- Govt Entities: 1

## Committee Meetings

- Q12021 CC 1/25/2020 2:00 PM – 4:00 PM ET
- Q22021 CC 4/5/2021 2:00 PM – 4:00 PM ET

# ALTA Registry E&O Project

- Project approval from Board of Governors was obtained at their last meeting.

- Phase 1:
  - High level design specifications have been completed and were shared with the Committee in September.
  - Deep Secure, a Content Threat Removal-as-a-Service (CTRaaS)vendor has been engaged to create an interface for the automatic scrubbing of E&O PDFs prior to upload to the RMS and transfer to the ALTA Registry.
    - CTRaaS is a cloud-based service that will block cyberattacks concealed in digital content (E&O documents).
  - Programming of the RMS scheduled to begin in January 2021.
  - Target launch time frame Phase 1: April 2021.

- Phase 2:  ALTA Staff are working to source an accurate Optical Character Recognition (OCR) solution to automatically extract meta data from E&O documents and thus make the E&O data submission process more accurate for Underwriters and less burdensome for Agents.
