Review of Purpose and Scope *(Paul Martin, Co-Chairs)*

- The Committee reviewed its scope and purpose.

ALTA Staff Reports *(Paul Martin)*

- MISMO eEE update. The Committee was updated on the progress of MISMOs eEE platform.
- RMS Language tool update. Kelly Langdon demonstrated the new RMS Language tool capability. The Committee was informed that reporting and the export of the language data to the Registry would most likely be completed towards the end of 2023.
- Registry 2023 Recode Project update. The Committee was informed that due to ALTA rebranding and an overhaul of www.alta.org that the Recode Project is delayed due to priorities and resources. It is hoped that the project is still on target for completion by the end of 2023.

Committee Discussions *(All)*

- ALTA Registry to exhibit at TLTA. The committee was informed that to broaden its reach Registry marketing activities were to be expanded to include State Land Title Associations. In 2023 Texas and Florida will be attended by ALTA Staff, this was to be expanded to include other LTAs as suggested by the Committee.

- Cross Selling the ALTA Registry to other Committees. The Committee agreed that "cross-selling" of the Registry to other ALTA Committees was of value and should be an ongoing program. ALTA Staff requested Committee members to share which other committees they were on so standardized talking points could be created, shared, and used at other committee meetings.
