Entered as second-class matter, Dec. 25, 1921, at the post office at Mount Morris, Ill., under the Act of March 3, 1879. All communications for publication should be addressed to the American Title Association, 111 West Washington St., Chicago, Ill.

THE AMERICAN TITLE ASSOCIATION

founded in 1907, is the national association of individuals and companies engaged in title work.

Its membership is composed of responsible and established abstracters, title insurance companies and attorneys who specialize in title law and examination of land titles.

The evidencing of land titles is a highly important matter and calls for skill, efficiency and facilities for rendering prompt, dependable service.

THIS KIND OF SERVICE CAN BE SECURED BY PATRONIZING MEMBERS OF THE AMERICAN TITLE ASSOCIATION.

OUR MEMBERSHIP

represents the title men of the various states interested in the advancement and development of their business in order that the most efficient, speedy and satisfactory evidences of title and service in title work may be made available.

The successful consummation of every real estate deal is dependent upon the condition of the title and its showing. The titleman and his work are the keystone of every deal.

IF IT IS TITLE WORK, THE MOST EFFICIENT, RELIABLE AND RESPONSIBLE SERVICE CAN BE SECURED FROM THOSE HEREIN LISTED.

"The Title's the Thing"

Land is only dirt worth so much the load. When real estate is purchased, it is the title that is bought, and its condition governs how one may use, own, occupy or dispose of the premises. When money is loaned upon real estate as security, the title is the measure of the safety behind the investment.

The chief concern of every purchaser or investor should be more in the title than in the land itself. Those supervising transactions for others should see that their clients are afforded every precaution and protection. One has no recourse if he fails to ascertain the character and validity of the title to the land he purchases and later suffers a loss because of the claims and rights of others not learned in advance.
